20 December 2020

## COVID-19

Dear Owner

We are again faced with further changes to the restrictions placed on us by Government in order to protect us all from the COVID-19 virus. As a result of the announcements made yesterday we are having to close the resort at Dunkeld, and will temporarily suspend operations at 12 p.m. on 22 December 2020, and until 16 January 2021. We shall have to await further guidance on what will be possible after that date.

I know this will be a great disappointment to those immediately affected, and in all likelihood, cause considerable disruption to plans already made. I can only hope that this situation can be eased sooner rather than later, and that this whole experience is behind us later in the year.

Margaret Cameron and the HGV team are dealing with the practicalities of closure and communication with lodge owners. Direct communication will be made with those owners due to arrive soon; other owners will be directed to the club website for updates.

The present circumstances are challenging for all of us. Your committee will continue to take such steps as are necessary and in the best interests of owners and staff. Your patience and understanding in these extraordinary times will be appreciated.

Keep well

Kind regards

**David M Nicolson**

Chairman
